

Slitmaster - Hydraulically Folding (grassland aerator)

OVERVIEW

The Browns Slitmaster Grassland Aerator can help alleviate surface compaction by spiking the ground and opening up the soil to allow air, water and nutrients to enter the soil thus improving soil health and drainage.

Combine with a harrow attachment and/or seeder for a complete pasture rejuvenation solution. The splitter can be front mounted to enable use with muck spreaders and/or other trailed machinery.

Grassland is an important resource for the livestock farmer and maintaining high quality, low input and low cost grassland for grazing and/or grass feed is essential.

Excessive soil compaction impedes root growth and therefore limits the amount of soil explored by roots. This, in turn, can decrease the plant's ability to take up nutrients and water. The adverse effect of soil compaction on water flow and storage may be more serious than the direct effect of soil compaction on root growth.

FEATURES

- Max working depth 205mm
- Towing eye fitted
- Hardened tempered boron steel blades
- Adjustable rotor angle
- Three point linkage
- Spiralled rotor blades
- Bearing protective skids
- Can be front mounted
- Bolt on wing weights available to aid ground penetration

SPECIFICATIONS

Slitmaster 4.5m

Code	65730
Width	4600mm
Transport Width	2600mm
Depth	870mm
Transport Height	2200mm
Weight	858kg
Blades	72
HP	TBD
Price	£7440.00

Slitmaster 6.0m

Code	65735
Width	6000mm
Transport Width	3300mm
Depth	870mm
Transport Height	2250mm
Weight	1065kg
Blades	96
HP	TBD
Price	£10800.00

OPTIONS

4.5m Wing Weights (115kg)

Code	53378
Price	£495.00

6.0m Wing Weights (160kg)

Code	53380
Price	£590.00

Harrow Attachment 4.5m

Code	55009
Price	£4378.00

Harrow Attachment 6.0m

Code	53511
Price	£4750.00

Roller Attachment 4.5m

Code	53513
Price	£3700.00

Roller Attachment 6.0m

Code	53522
Price	£4444.00

Front Mounting Kit

Code	53459
Price	£825.00

Wheel Transport Kit

Code	55010
Price	£2090.00
